

SECRET

25X1

29 November 1966

Dear Will:

Enclosed are:

- a. Eight copies of Drawing 1-023-B-512, Installation Engineering Data, BPE (No. 1-023-E-001).
- b. Three copies of your Installation Engineering Data Form.

We believe the seven sheets of Drawing 1-023-B-513 will provide the installation data required for site selection and preparation. The three copies of the Installation Data Form are for use by your Building Service Staff. Since we used your Installation Engineering Data Form as a check list in preparing drawing 1-023-B-513, the data is duplicated. We suggest that the drawing sets alone should provide the necessary data to the coordinator for the seven additional instruments.

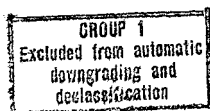

We are still working on the preparation of the Revised Specification and the interim Spare Parts List. We expect to mail you copies of these documents in about two weeks.
